1.0 DOE Standards Actions

The Department of Energy (DOE) Technical Standards Program (TSP) publishes Standards Actions information on a monthly basis to provide DOE headquarters and field elements with current information on DOE and select non-government standards activities.

The complete list of all DOE Technical Standards projects and their status is available on the Technical Standards Program (TSP) web site at <http://www.hss.energy.gov/nuclearsafety/techstds/>. To access this information, go to our web site, click on "DOE Technical Standards," then choose Projects, Approved Standards, Recently Approved Standards, or Drafts for Review, as appropriate, on the left frame of the page.

1.1 New Projects and Technical Standards in Revision

The following entries were received in March 2008:

2.0 Non-Government Standards Actions

2.1 American National Standards Institute (ANSI)

American National Standards Institute (ANSI) publishes coordination activities of non-government standards (NGS) weekly in *ANSI Standards Action*. Recent electronic copies are available on the ANSI Web Site at http://www.ansi.org/news_publications/periodicals/standards_action/standards_action.aspx?menuid=7. Refer to ANSI Standards Action for a complete list of changes and new publications, standards developing organizations, and information about submitting comments.

Electronic delivery of selected documents is available through ANSI at <http://webstore.ansi.org/ansidocstore/default.asp>.

ANSI also lists standards actions on new and revised American National Standards and International Standards Organization (ISO) Standards.

2.2 American Society of Mechanical Engineers (ASME)

ASME lists recently published standards on the ASME web site at <http://catalog.asme.org/home.cfm?Category=CS>. Refer to the ASME web site for the complete list of changes and new publications, standards developing organizations, and information about submitting comments.

ASME maintains monthly updates of draft new standards as well as revised drafts of current standards to meet new requirements at <http://cstools.asme.org/csconnect/PublicReviewpage.cfm>.

A respective "Comment Period End Date" follows each listed document.

2.3 American Society for Testing and Materials (ASTM) International

The listing of approved ASTM Standards Actions during March 2008 is made available through a new "RSS News Feed" feature started by ASTM in January 2008. You can access this feature by clicking on the "RSS" button on the ASTM web site <http://www.astm.org/>.

2.4 American Nuclear Society (ANS)

The ANS "What's New" web page at <http://www.ans.org/standards/new/> lists recently initiated projects, as well as ANS standards approved in recent years.

2.5 National Fire Protection Association (NFPA)

The March 2008 NFPA News lists NFPA standards available for comment, newly proposed standards, newly issued standards, and the call for members on committees. View it at <http://www.nfpa.org/assets/files/PDF/NFPA%20News/nfpanews0308.pdf>. □
