USAF Uses SABER to Modernize Facilities

Apr 18, 2011 10:54 UTC by Defense Industry Daily staff

The USAF uses its simplified acquisition of base engineering requirements ([SABER](#)) contract to fulfill engineering requirements on a variety of projects, ranging from small renovations to large scale infrastructure needs involving pipelines, electrical substations, and life safety issues.

The SABER contract's main purpose is to expedite contract award of civil engineer requirements through the issuance of individual delivery orders. The contract contains a collection of detailed task specifications that include most types of real property maintenance, repair, and construction work. A number of SABER contracts have been awarded.

April 15/11: Exbon Development in Garden Grove, CA and K&S/Ace A Joint Venture in La Verne, CA each received a maximum \$40 million indefinite delivery/indefinite quantity contracts for SABER services in support of the 452nd Air Mobility Wing mission. The Air Force intends to award multiple ID/IQ type contracts that will support a range of SABER services. Work to support this requirement will be located at March Air Reserve Base, CA (FA4664-11-D-004, FA4664-11-D-005).

Aug. 25/10: National NICC Joint Venture in Falls Church, VA received [a \\$42.1 million firm-fixed price indefinite delivery/indefinite quantity \(IDIQ\) contract](#) for design and construction efforts at Seymour Johnson AFB, Dare County Bomb Range, and Fort Fisher, NC.

Projects are in support of real property maintenance, repair, alteration, and/or new construction. The work involved includes, but is not limited to carpentry, road repair, roofing, excavation, interior and exterior electrical, steam fitting, plumbing, sheet metal, painting, demolition, concrete masonry, and welding (FA4809-10-D-C003).

Aug 7/09: DWG & Associates [in Colorado Springs, CO received a \\$40 million modified contract for simplified acquisition of base engineer requirements \(SABER\)](#) at the US Air Force Academy. At this time, \$100,000 has been obligated. 10th Contracting Squadron, US Air Force Academy, in Colorado Springs, CO manages the contract (FA700-09-D-0020).

According to DWG & Associates, the USAF Academy uses the SABER contract to fulfill engineering requirements on a variety of projects, ranging from small renovations to large scale infrastructure needs involving pipelines, electrical substations, and life safety issues. The company expects a large part of this contract modification to involve energy use reduction and modernization.

BPA (Blanket Purchase Agreement) * Single or Multiple Award

A BPA simplifies the filling of recurring needs for supplies or services, while leveraging a customer's buying power by taking advantage of quantity discounts, saving administrative time, and reducing paperwork. Ordering Offices may establish BPAs against a Federal Supply Schedule.

IDV ID (Mod#):	AG3142B130006 (0) (View)	IDV Type:	BPA

Simplified Purchase Agreement (SPA)

The Simplified Purchase Agreement (SPA) is a streamlined printing procurement vehicle for use by the U.S. Government Publishing Office's Federal customer agencies. Our customer agencies will be able to acquire publishing and information products and services valued up to \$10,000 from local commercial vendors.

This procurement vehicle offers our customers:

Control - Allowing customer agencies to directly place their orders with a vendor of their choice.

Convenience - Customer agencies placing orders with local vendors based on their individual schedule requirements.

Best Value - The concept of embracing price, responsiveness, business practices, convenience, and courteous service.

Reliability - The SPA ensures compliance with GPO contract requirements (ie., QATAP, JCP paper specs, etc...)

A black and white photograph of a man in a dark suit and tie, laughing heartily. He is leaning against a massive, light-colored sack that looks like it's filled with money or grain. The sack has a large, simple knot at the top. The background is plain and light.

To Win Simplified Acquisitions...

A grayscale photograph showing a person's lower legs and feet in a dark suit and polished shoes walking across a pile of scattered US dollar bills. The bills are of various denominations, including \$100, \$50, and \$20 bills.

Be Seen! Make Contact!

Each fiscal year more than **\$5 billion** in Simplified Acquisition dollars are '**left on the table**' by small business and awarded to 'other than small' entities via **Full and Open Competition**.

**Remember the
‘Rule of Two!’**

The best way to be seen is not via email!

(I recommend leading off with visit or a phone call.)

4. How do I obtain a BPA?

A vendor should contact the BPA Program Branch at BPAProgramBranch@mail.nih.gov or 301-496-5212 in order to speak with a Procurement Analyst. The Branch will determine whether:

- The vendor has products/services that will benefit the NIH
- Has past performance (within the last two years) of doing simplified orders (including purchase card) with the NIH and
- The vendor will offer discounts against its commercial catalog.

If approved, an Open Market (non-FSS BPA in accordance with FAR 13.3) BPA with a \$25K limitation per BPA Call will be established with the vendor.

5. What types of businesses are you looking for?

The BPA Program is looking for businesses that provide commercial items/services to NIH in the simplified arena. We are particularly interested in small businesses and businesses that sell products/services that are used in the medical/research field (medical supplies, lab services, etc.).

Simplified Purchase Agreement (SPA)

The Simplified Purchase Agreement (SPA) is a streamlined printing procurement vehicle for use by the U.S. Government Publishing Office's Federal customer agencies. Our customer agencies will be able to acquire publishing and information products and services valued up to \$10,000 from local commercial vendors.

This procurement vehicle offers our customers:

Control - Allowing customer agencies to directly place their orders with a vendor of their choice.

Convenience - Customer agencies placing orders with local vendors based on their individual schedule requirements.

Best Value - The concept of embracing price, responsiveness, business practices, convenience, and courteous service.

Reliability - The SPA ensures compliance with GPO contract requirements (ie., QATAP, JCP paper specs, etc...)

About

[Home](#) » [About](#) » [Organizational Structure](#) » [Offices](#) » [Management](#) » [Part II: Simplified Acquisitions](#)

Part II: Simplified Acquisitions

Simplified Acquisitions is the term given for purchases between \$3,000.00 and \$150,000.00. For discussion purposes, we have broken out this category into two different sections; those purchases between \$3,000.00 and \$25,000.00 and those between \$25,000.00 and \$150,000.00.

Purchases between \$3,000.00 and \$25,000.00

- Recommended as a "Foot in the Door" to Government Contracts
- Typically Not Formally Publicly Advertised (i.e., No Synopsis in FedBizOpps or Advertised on the Bureau Bid Board)
- Government Must Solicit Three Sources (Either Orally or in Writing)
- Purchases Are Reserved Exclusively for Small Business Concerns
- 8(a) Procedures May Be Used [Only One Source Would Be Contacted, If 8(a)]

Purchases between \$25,000.00 and \$150,000.00

- Typically Publicly Advertised (i.e., Synopsis in FedBizOpps)
- Purchases Are Reserved Exclusively for Small Business Concerns
- 8(a) Procedures May Be Used (Only One Source Would Be Contacted and Synopsis Would Not Be Required)

For additional information, please see the Treasury listing of Bureau Simplified Acquisition Contacts.

For the acquisition of services over \$25,000 up to \$150,000, Treasury has an exception to the above requirement. Please contact the [Bureau Small Business Specialist](#) for further details.

Be Positioned to Win!

Do!

- Understand how what you sell is classified.
- Plan for how you will ‘be seen’ by prospects.
- Determine how they currently procure what you sell.

Do!

- Opportunities below the synopsis threshold?
- Ask if they can establish a Simplified BPA.
- Identify the right 'small purchase' buyers.

Make Sure You Have Access to the Right Tactics and Tools!

Finding and Winning Simplified Acquisitions™

Shorter procurements, lower costs and a preference for small business makes these low-hanging fruit.
